Lift 2500 mm - 3000 mm. Cap: 250 kg.
P.Size 1100 x 700

Fully S.S. 304 Platform Stacker. Lift 2'
Cap: 200 kg

Mac-Lifton Electro Hydraulic Telescopic Mast Stacker. Lift 6'
Capacity 250-500 kg

Front View of LPD Mobile Bin Lifter with Nylon Wheels-Lifting Chain S.S 304

SPECIAL FEATURES:

- Easy to Operate
- Cost-effective Heavy Duty Design
- Mac-Lifton Guarantee for Reliability

ML 316 Telescopic Type Order Picker. Lift 12'. Cap. 500 kg

Fully S.S. Special Purpose Stacker

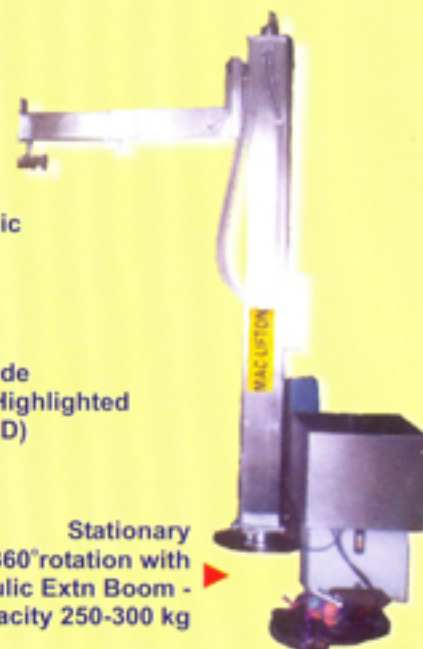

Heavy Duty SS 304 Hydraulic Pallet Trolley PT - 2

360° rotation - boom

Lifting Front Side Full Covered (Highlighted features of L.P.D)

Stationary L.P.D 360° rotation with Hydraulic Extn Boom - capacity 250-300 kg

Bin Lifters (Powerpack)

MAC-LIFTON RANGE OF SS304/316 MATERIAL HANDLING EQUIPMENTS FOR PHARMA USE

We also undertake any tailor-made SS 304 job as per client's requirement.

- ❶ **Mac-Lifton SS Stationary Type LPD 360°** manually rotating made of specially bent sections of adequate strength and proven design to withstand trouble free and continuous operation. Capacity: 100 kg to 250 kg
- ❷ **Mac-Lifton SS 304 Stacker** available for smaller heights in rigid mast form and for bigger heights in telescopic type. We have standard models from L6 to L12. We can also manufacture as per customer's requirements.
- ❸ **Mac-Lifton SS304 Pallet Trolley Release Valve Type:** These pallet trucks are made to withstand continuous use for loads up to 2000 kg and proven release valve arrangement for lowering and inching. Available in fork length up to 1219 mm or as per clients' requirement.
- ❹ **Mac-Lifton SS 304 Scissor Lift Platform:** These are specially designed considering operators safety and comfort level. These equipments are popular mainly for **Mac-Lifton's** name and prompt supply of spares / service.
- ❺ **Mac-Lifton Counter Balanced Mobile IPC Lifter:** This is designed to give minimum operator fatigue and the movement is easy as all the wheels are fitted with double ball bearings and incorporated with latest hydraulic system having all safety features.
